Screenshots

The screenshot shows a web browser window at localhost:3000 displaying a product page. The page features a teal header with a shopping cart icon and a 'Shop' button. The main content area displays the 'Redmi Note 12' product, including its image, description, price (Rs.1099), and a 'View' button. Below the product, there is a section for 'Amazon Alexa'. The Chrome DevTools Performance tab is open, showing a timeline of requests. The 'products' request is selected, showing a status of 304, type of xhr, and a size of 152 B. The timeline also shows other requests like '1 / 34 requests' and '152 B / 28.8 MB transferred'. The bottom of the browser window shows the Windows taskbar with various application icons and the system clock.

The screenshot shows a web browser window at localhost:3000 displaying an ECommerce page. The page has a teal header with the text 'ECommerce', a shopping cart icon, and a 'Shop' button. Below the header, there is a section titled 'Latest Products' which contains a grid of product cards. Each card displays a product image, name, description, price, and a 'View' button. The products shown are: Redmi Note 10 Pro Max (Rs.499), Redmi Note 12 (Rs.1099), Cannon EOS-1D (Rs.1300), Amazon Alexa (Rs.50), a smartwatch, a pair of sneakers, a pair of orange sneakers, and a pair of Reebok sneakers. The bottom of the browser window shows the Windows taskbar with various application icons and the system clock.
